Cooper Landing Trails Committee

POB 863

Cooper Landing, AK 99572

Dear Trails Committee:

Cooper Landing senior Citizen Corporation Inc., CLSCCI, voted unanimously at our last board meeting, on October 2, 2025, to support the Cooper Landing Trails Committee in your work on the Cooper Landing Town Road Pathway Project.

We see how the new Sterling Highway alignment through Cooper Landing addresses the through-traffic problem. The deficiencies with the existing alignment hampers connections to the area's amenities which include campgrounds, businesses, residences, and more. It's to the community's and to the public's benefit that this corridor be improved.

Thank you for your work on behalf of safer and better connections along this narrow travel corridor through Cooper Landing, alongside of Kenai Lake and Kenai River and between the Kenai Mountains. The community pathway, constructed over 30 years ago when Keith Freeman was the local DOT/PF foreman, undoubtedly saved lives. We look forward to your work in enhancing and lengthening that pathway and more!

Sincerely,

A handwritten signature in cursive script that reads "Mona Painter".

Mona Painter, CLSCCI Board Secretary
